Sir:

REFUND REQUEST ✓

Refund to the undersigned's Deposit Account No. 14-1140 of the three month extension fees (a total of \$1020) submitted herewith is requested for the following reasons.

A reply to the final rejection of April 7, 2004 was filed November 2, 2004. A Notice of Appeal was filed October 7, 2004. The reply was forwarded to the Examiner for Action on November 21, 2004. See, attached PAIR printout. The next due date for action by the applicants without requirement of an extension fee would have been December 7, 2004.

On January 6, 2005, the undersigned telephoned the Examiner requesting an indication of the status of the application and an indication of when the Examiner would

act on the reply which was forwarded to him 5 weeks earlier. No reply was received from the Examiner.

On February 7, 2005, the undersigned spoke with the Examiner who indicated that the Examiner hoped to "get to the file this bi-week". No response to the reply was received nor has a response been received to date.

On March 7, 2005, the undersigned reviewed the PAIR and IFW pages and found that an Advisory Action has apparently been counted and/or mailed (i.e., listed in the PAIR page) even though the same is not available to the undersigned through the IFW (see, attached printout of the IFW index). The undersigned telephoned the Examiner on March 7, 2005 to request a copy of the Advisory Action and/or any information on the status of the application. As of the filing of the attached RCE, the undersigned has not received a response from the Examiner.

The undersigned is filing herewith an RCE to Request Continued Examination and foreclose the possibility of a requirement to pay the Patent Office for further extensions.

The present Refund Request is being filed to request a refund of the attached three month extension fees as the Patent Office should not require the applicants to pay for a three month delay in the Patent Office acting on an after-final response.

The undersigned submits that the Patent Office action in taking **four** months to apparently inform the applicants with regard to the status of the Amendment of November 2, 2004 is a failure to "promptly" inform the applicants, as required by MPEP § 714.13 (III).

Moreover, the Patent Office has failed in this regard to meet the Patent Office stated "expectation" that an Examiner is expected to "turn in a response to an amendment after final rejection within 10 calendar days from the time the amendment is received by the examiner." Id. In the present case, the Examiner would have been expected to turn in a response by December 3, 2004. Presumably, this would have allowed the applicants to file the attached RCE without requiring any additional extension fees. The undersigned's firm is located in Arlington, VA and regularly receives mail from the USPTO within a day or two. Moreover, the undersigned could have retrieved the same from the IFW had the Examiner turned in the Advisory Action with the Patent Office expected time frame.

Finally, the Patent Office Action is contrary to the Patent Office stated policy that "a reply to an amendment after final rejection should be mailed within 30 days of the date the amendment is received by the Office." Id. As evidenced by the attached PAIR printout, the amendment of November 2, 2004 was received by the Patent Office on November 2, 2004. According to the Patent Office's own requirements and stated guidelines therefore, the response to the amendment should have been mailed by December 1, 2004, which would have provided the applicants ample opportunity to file an RCE without requiring extension fees by the December 7, 2004 due date set by the filing of the Notice of Appeal on October 7, 2004.

Refund of the attached \$1020 three month extension fee to the undersigned's Deposit Account No. 14-1140, is requested.
